UP CLOSE...

Outside of the office, Lee is an avid outdoor enthusiast and applies his focus to such pursuits as hiking, spearfishing and camping with his family.

Lee is an experienced Quantity Surveyor with a passion for innovation and pushing boundaries within the educational design sector.

Coming from a construction background enables Lee to apply a fastidious lens to all of Honeywill's projects, ensuring their commercial and financial viability as well as pushing creative boundaries in the process.

His firm grasp on global construction trends means his team has an eye on the future at all times, navigating the challenges of the industry and making sure all projects are future-proof.

Lee has been instrumental in establishing Honeywill's Quantity Surveying capabilities, leveraging his extensive experience both in Australia and overseas working on large-scale projects to make sure best-practice principles are applied to every brief.

A measured and thoughtful communicator, Lee encourages the team to think outside the box, fostering a culture of innovation and expansiveness that reflects Honeywill's dedication to exceptional results.

Lee finds the greatest satisfaction in building client relationships based on trust, which he believes stems from delivering projects that exceed all expectations.

"I find the greatest satisfaction in building client relationships based on trust, which I believe stems from delivering projects that exceed all expectations."
